LG'S MESSAGE

Hi everyone!

I hope you're all doing well and getting ready for the new year. Let me take this opportunity to congratulate everyone who has continued to work tremendously hard throughout this year despite the challenges and setbacks faced. I am proud of each and every one of you and our Division would not be the same without your efforts.

Key Club week was a huge success and we closed things off with our big bad Divisional Concert! I was so happy to see everyone participating in key club week this year.

As our highly anticipated Christmas break approaches, I trust that you will complete all the necessary tasks so you will have a stress free holiday season!

As always, if you have any concerns, feel free to contact me.

Lots of love!

INTERNATIONAL TRUSTEE

Hello Division 1! My name is Melanie Kim, and I have the distinct honor to serve as your International Trustee! I have heard such positive things about this division like your unmatched passion for serving. Although this year has presented hardships, you guys have chosen to positively adapt and still hold service events to help your communities out of the kindness of your hearts. I know things can get tough with being a student and a Key Clubber, but don't forget you aren't alone and to have fun while serving. Your endless positivity and hard working attitudes always inspires me and the rest of the districts to keep going! Although this year is quite unprecedented, I know everyone will make it the best service year ever!

If you have any questions, do not hesitate to contact me!

Yours in Service,
Melanie Kim

WHAT KEY CLUB MEANS TO ADALIA NEMBHARD

Outstanding District Chairperson,
Past Vice President of Ardenne
Key Club.

I joined Key Club because it was the best of everything, a melting pot of the most memorable and meaningful characteristics of adolescence. I really wanted to give back and have fun; serve the less fortunate and meet others with like mindedness without being reminded of the pressures of being a student. Key Club provided the perfect outlet to learn and to teach others. Initially, it was mainly a “hype club” but then once I realised there was substance beyond the hype, I was compelled to stay and to tell others. So truthfully, I joined because of the attractiveness, but I stayed because it was meaningful. What I enjoyed most about Key Club was the feeling of satisfaction as well as the growth that it provided. After each meeting, activity or event, at the end of each year, there was an incomparable feeling of achievement being accomplished, a new level unlocked. So besides, the games, the DCONS, the projects, what I love most about Key Club is its enrichment.

HIGHLIGHTS FROM KEY CLUB WEEK

DIVISION ONE'S A-LIST

A Word of Encouragement from President Abonique Reid

In the pursuit of your DREAMS never allow thoughts of FAILURE to stop you from reaching them. Never let your pride and ego limit your means to achieving them, and never allow those around you to discourage you from pursuing them. NEVER GIVE UP ON YOUR DREAMS!

At a point in my life, I felt like I would never find what I'm truly passionate about, while everyone around me knew what their aspirations in life were.

As I grow older, I discovered that there is so much in being disciplined, focused, dedicated, and self-driven in getting my goal and it shouldn't be for rewards or recognition. Once I realized failure is inevitable for me to experience my destined greatness it never surprised me anymore, but taught me how to be humble, patient, build my character and redefine my priorities in life

Everyone fails in life, but we can still be successful.
